## CARRIAGE HOUSE & QUAKER

This style dates back to the romantic era of horse drawn carriages. Carriage House and Quaker framing is the same, the difference being the Carriage House has carriage doors, arched windows and stone on the front.

## GARDEN SHED

The Garden Shed has the eccentric appeal of the offset peak, with lower walls and steeper roof. It has the same economy pricing as the A-frame.

## MANOR

The Manor is a beautiful and deluxe model. It boasts a 10 inch overhang on all four sides. Also available in this style is the Manor Deluxe and Manor Delight.

## DORMER

The Dormer is a lovely choice for enhancing your backyard. The additional peak on the front adds a distinction that makes it appealing for any landscape.

## CAPE COD

The Cape Cod style with its extra steep roof-line is a reflection of the New England influence. Simple but elegant.

## DUTCH

The Dutch style inherits its design from the old German barns. With its gambrel roof and very little overhang, it's a look all its own.

GARDEN SHED

## A-FRAME

The A-Frame is a well known and economical choice for any purpose.

## FRONTIER CABIN

The Frontier Cabin captures rugged, adventurous spirit with its classic design and spacious porch perfect for relaxation.

## A-FRAME CABIN

While each cabin has its own style, and shape, they have one thing in common - The possibilities of making great memories!

## NEW ENGLAND CABIN

The New England Cabin reflects classic Colonial charm with its steep roof pitch, clean lines, and versatile design—evoking timeless New England elegance.

## WOOD SHED

The Wood Shed delivers timeless, natural beauty that blends seamlessly into any backyard or garden setting. Perfect for wood storage or even pet housing.

## DOUBLE WIDE GARAGE

The Double Wide Garage offers expansive, practical space with wide doors and generous dimensions, making it the ideal choice for vehicle storage, workshops, or heavy-duty equipment—built for maximum utility.

## OZARK MANOR

The Ozark Manor combines elegant function with regional charm, featuring a welcoming front porch and refined details that elevate it beyond basic storage—ideal for those seeking a touch of Ozark-inspired sophistication.

## GARAGE

The Garage provides straightforward, dependable shelter for vehicles or gear, with solid framing and easy-access doors— a no-nonsense, economical solution for everyday protection and organization.
